

My name is Mrs. Biesinger, and I am thrilled to be teaching the 6<sup>th</sup> grade at Freedom Academy! I am originally from Southern Ohio, and moved to Utah to attend Utah State University, where I received a Bachelor's degree in English Education and Creative Writing. After that, I went on to get my Masters degree in Educational Leadership from the University of Cincinnati. Recently, my husband and I moved back to Utah from Arizona, to be closer to family and enjoy the beautiful mountain air!

I love to read, write, sing, bake, hike, and travel the world! A few fun facts about me are that I studied and performed opera for thirteen years. Before, I decided to go into education, I thought I wanted to be a singer, but, I quickly discovered that I would much rather be in the classroom teaching students to be life long learners and high achievers. Also, I used to live in Brisbane, Australia, as well as the outback. I have been teaching for four years, and have had two years of school administration experience as well.

Let's make the 2010-2011 school year the best year yet!
